Survey

This survey is designed to measure the levels of support for the Transport for the South East's (TfSE) proposed draft Strategic Investment Plan (SIP). This survey has been drafted to follow the same structure as the SIP document and we recommend that you use the link under the documents section of this page to open the SIP document in another browser window. This way it will easily be accessible to you as you complete the survey. Alternatively, hyperlinks to the relevant sections of the SIP have been made throughout for your ease.
